

Manufacturers of Tough and Durable Polyprene™ Water & Foam Tanks and PolyBilt Bodies for the Fire Industry

PRO ONE™ WARRANTY

WHAT THIS WARRANTY COVERS:

Pro Poly of America, Inc. (hereinafter “PPA”) offers a limited lifetime warranty on all Polyprene® water and foam Tanks (hereinafter “Tank”). PPA warrants to the original owner of the apparatus (hereinafter “Purchaser”) the Tank to be free from defects in material and workmanship for the normal service life of the apparatus in which the Tank is installed. A skid unit warranty shall expire 10 years from the date of purchase.

Installation of the Tank must be in accordance with PPA’s instructions and the Tank must be secure. The Tank originally shipped with installation instructions adhered to it. This warranty extends to the Purchaser and may not be assigned without the prior written approval of PPA except an original equipment manufacturer may assign this warranty to the first titled owner of the apparatus.

If a Tank has a defect in material or workmanship covered by the warranty, PPA will repair at PPA’s cost, by authorized personnel or authorized third parties. PPA will make a reasonable effort to schedule repair within 48 hours following initial notification of a covered defect. If the Tank is located outside North America, PPA will reimburse reasonable labor and material necessary for the repair only. PPA is not responsible for travel costs associated with International repair, nor any other International cost.

During the initial five years of Tank service life, PPA will reimburse reasonable costs associated with rendering Tank accessible to PPA. The stainless steel jacket on an elliptical tank, if any, must be removed prior to repair by Pro Poly. Customer is responsible for all removal and re-installation costs associated with the stainless steel elliptical jacket. Reimbursements for incidental warranty costs, if any, may be made by cash or credit to purchaser’s account at the discretion of PPA. All requests for reimbursements must be accompanied by a PPA purchase order. After the initial five years of Tank service life, PPA will not reimburse for costs associated with rendering the Tank available to PPA. After 10 years of service life, PPA will repair the Tank only at a PPA facility. PPA has sole discretion as to repair of defects covered by this warranty, or replacement of the tank. PPA’s responsibilities as described herein shall not exceed the amount of the original purchase price of the Tank; if PPA replaces the Tank all further warranty obligations shall be void.

WHAT THIS WARRANTY DOES NOT COVER:

PPA’s warranty does not extend to Tanks which have been misused, abused, improperly installed, involved in an accident, inadequately secured, defects in material due to sun exposure or for which payment has not been made. PPA’s warranty neither extends to tanks which have been improperly mounted nor which have been allowed to move vertically or horizontally in the truck without proper hold down mechanism. The warranty is void if repairs or alterations to the Tank are made by unauthorized persons, or the Tank serial numbers have been altered or defaced. PPA Tanks are not to be used as pressure vessels. The water supply should be shut off as soon as water begins to exit the overflow.

THERE ARE NO WARRANTIES, EXPRESS OR IMPLIED, WHICH EXTEND BEYOND THE DESCRIPTION ON THE FACE HEREOF. THERE IS NO IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. PPA’S MAXIMUM OBLIGATION AND LIABILITY UNDER THIS WARRANTY SHALL BE LIMITED TO AN AMOUNT EQUAL TO THE PRESENT PURCHASE PRICE FOR THE PPA TANK. PPA SHALL NOT BE LIABLE FOR ANY OTHER LOSS OR DAMAGE, WHETHER DIRECT OR INDIRECT, INCIDENTAL, CONSEQUENTIAL OR OTHERWISE ARISING OUT OF BREACH OF THIS WRITTEN WARRANTY OR ANY IMPLIED WARRANTY. *Some states do not allow limitations on how long an implied warranty will last or the exclusion or limitation of incidental or consequential damages.*
